Media Covers Up Jewish Atrocities

In the Jan88 issue of **The Nationlist** we reported that a CBS film crew photographed Israeli soldiers tying a Palestinian to the front of one of their military vehicles to use him as a human shield. CBS has never shown that film. We also noted that the **Washington Post** had never run a photograph from the Palestinian revolt which showed an Israeli soldier in an act of violence.

Now we have gotten access to original photographs of the most shocking Jewish violence against the Palestinians. It is highly unlikely that you will ever see such pictures in the System press. The two photographs on this page were taken by American journalist Frank Collins in the Al-Alhi (Family) Hospital in Gaza. These pictures first appeared along with others in the May88 issue of the **Washington Report on Middle East Affairs** (P.O. Box 53062, Washington D.C. 20009), a magazine established by former American Foreign Service officers who were unhappy with the government's pro-Israeli policy.

One picture shows a five-year-old girl recovering from a scalding suffered when Israeli soldiers broke into her home, beat her mother, and poured a pot of water boiling on the stove over the children in the house. The second photograph shows a six-year-old boy recovering from a severe beating of his right arm and head by five Israeli soldiers who broke into his home at night and beat every member of the child's family, including his mother (seated with him). German NPD Interviews Gary Gallo

The following interview was recently given by NDF Director Gary Gallo to **Junge Deutsche Stimme** the youth newspaper of Germany's National Democratic Party (NPD). The NPD can be contacted at Holzstrasse 49, 8000 Muenchen 5, West Germany.

Question: Please tell us a little about the NDF in terms of membership, structure and political strategy. When and why did you found the NDF?

Answer: In 1985, I met the Deputy Chairman of Britain's National Front, Nick Griffin, on his visit to the United States. He invited me to work with the NF in England, and this I did for several months. This experience convinced me that something similar had to be established in America, and so I founded the NDF in December of 1985.

The NDF is a national revolutionary movement that seeks to acquire power through legal political means. At present we are still small, but we have operating units in Maryland, Virginia, and North Carolina. We conduct marches, hold public meetings, and spread our message through leafleting and newspaper sales. As soon as resources permit, we will run candidates for public office. At the moment, however, we are concentrating on finding good cadre and developing them into political leaders so that our future expansion rests on an ideologically and organizationally secure foundation.

Structurally, we believe in one-man rule but in accord with the principle of concentrating authority while decentralizing power. In other words, a leader should provide direction and teaching for his subordinates, but should interfere as little as possible in their spheres of control. There should be as much delegation of authority as possible without losing coherency. If decisions are being made at the lowest level possible then subordinate leaders will exercise intiative and will develop their potential. In Germany, this principle was adopted by Scharnhorst and Gneisenau, the creators of the German General Staff system, and it accounts for a substantial portion of that institution's enormous success.

Question: Like the NPD you strongly support the idea of democratic nationalism. What do you think is the main difference between democratic nationalism and national socialism?

Answer: The fundamental principles of nationalism do not change, but they must be applied differently in different nations and in different eras. We term our ideological branch of the White Nationalist Movement "Democratic Nationalism", but what we mean by this term no doubt differs from what you mean by it because we are different peoples struggling in different circumstances. „Deutsch ist Trumpf!"

JN-Bundeskongreß 1987

Einracht, positive inhaltliche Diskussionen und Optimismus prägten das Bild des diesjährigen Bundeskongresses der Jungen Nationaldemokraten, der am 12./13. 9. unter dem Motto „Deutsch ist Trumpf!" in Anwesenheit des Parteivorsitzenden Martin Mußgnug und seines Stellvertreters Jürgen Schützinger in Dillingen/Saar stattfand.

Nach einer eindrucksvollen Demonstration durch die Saarbrücker Innenstadt trafen sich annähernd 200 Teilnehmer des JN-Kongresses in der schmucken Stadthalle der Stahlstadt Dillingen.

Neben den Berichten der Abteilungsleiter und etlichen politischen Anträgen aus den Reihen der JN stand diesmal auch die Neuwahl des JN-Bundesvorstandes auf dem Programm.

Der amtierende Bundesvorsitzende Hermann Lehmann, der in seinem Bericht auf die politische und personelle Aufwärtsentwicklung der JN seit 1983 verwies, konnte dem neuen Vorstand, wegen Überschreitung der satzungsmäßig vorgeschriebenen Altersgrenze für die JN, nicht mehr zur Verfügung stehen.

Die versammelten JN-Mitglieder dankten Hermann Lehmann für seine erfolgreiche und arbeitsintensive Amtsführung mit starkem und langandauerndem Beifall.

Mit großer Mehrheit wählten die Teilnehmer den 29jährigen Karl-Heinz Sendhüler, der in München Kommunikationswissenschaft studiert, zum neuen JN-Bundesvorsitzenden.

Mit Karl-Heinz Sendhüler wählte sich die JN einen Vorsitzenden, der schon fast 10 Jahre dem JN-Bundesvorstand angehört und somit über einen großen politischen Erfahrungsschatz verfügt.

Entsprechend dem Wunsch Sendhülers wurden Hauptgeschäftsführer Bernd Thomas Berg und Günter Prümm zu seinen Stellvertretern gewählt. Weiterhin gehören dem Vorstand an: Dagmar Bendt, Brigitte Wehner, Jürgen Dudever, Siegbert Aichele und Dietmar Lohrmann.

Die Tatsache, daß der neugewählte Vorstand eine Kombination von bewährten Vorstandsmitgliedern und neuen Gesichtern darstellt, verspricht sowohl Kontinuität als auch neue Impulse für die kommende Arbeit der JN.

Am Abend traf man sich zum traditionellen Kameradschaftsabend mit feierlicher Auszeichnungsgabe, gemütlichem Beisammensein und gemeinsamem Gesang.

Für die musikalische Umrahmung sorgten die JN-Liedermacher Mit kabarettistischen Einlagen nach dem Motto „die politische Wirklichkeit übertrifft oft die beste Satire" brachte Thomas Salomon den Saal zum Lachen, unterstützt durch saarländische Humoreinlagen von Harry Kirsch.

Der folgende Tag stand dann im Zeichen der politischen Antragsdebatte. Hier bewies sich, daß die JN wichtige politische Themen wachlich und mit hohem Niveau zu behandeln pflegen.

Der Kongreß sprach sich dabei u. a. für eine härtere Bekämpfung der Seuche AIDS aus, lehnte die „Nullösung" aus nationalpolitischen Motiven ab und begrüßte eine gemeinsame Resolution der Jugendorganisationen der „Euro-Rechten", in der die Abschaffung des Jalta-Systems und eine kulturelle Wiedergeburt Europas gefordert werden.

Hierbei sei ausdrücklich angemerkt, daß die JN diese Resolution nur unter dem Vorbehalt ihrer scharfen Verurteilung der Südtirol-Politik des Mitunterzeichners „MSI-Jugend" behandelten.

Der ehemalige JN-Vorsitzende Winfried Krauß prangerte in seinem Gastreferat die fortwährende Fremdbestimmung Deutschlands und Europas durch die Mächte des Jalta-Systems an und rief dazu auf, daß sich die Völker Europas zusammenfinden, um ihre Souveränität gegen die volkerfeindlichen Imperialisten in Ost und West zu erkämpfen.

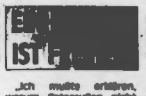
Kein Wahlrecht für Ausländer!

Als Zeichen der Solidarität nahmen am JN-Kongreß Vertreter der flämischen „Voorpost"-Bewegung, der im Parlament vertretenen flämischen Partei „Vlaams Blok" und auch eine Sprecherin der politisch Verfolgten in Estland teil.

Der JN-Bundeskongreß 1987, der eine weitere Aufwärtsentwicklung der NPD-Jugendorganisation verspricht, endete mit dem Lied der Deutschen.

Nicole ging zum Grenzschutz...

Nicole Bernstein, die erste Frau beim Bundesgrenzschutz, plauderte mit der Bild am Sonntag über ihr Einstellungsgespräch in der BGS-Kaserne Swisttal-Heimerzheim:



„Ich mußte erklären, warum Gelpreußen nicht mehr zu Deutschland gehört...".

Wir JN meinen dazu: Wer gegen das Neuvereinigungsgebot unseres Grundgesetzes und gegen die Rechtsprechung bewußt verstößt, der ist „verfassungsfeindlich."

Das Bundesamt für Verfassungsschutz sollte seine besten Agenten mal auf die Bundesgrenzschutz-Prüfungskommission ansetzen, da gibt's viel zu tun!

(DTD)

Bravo, Steffi!

Steffi Graf ist nicht nur die beste Tennisspielerin der Welt, sie hat auch ein Herz für Deutschland! Sie lehnt es ab, trotz ihrer Millioneneinkünfte in ein steuergünstigeres Land zu ziehen, da sie „Deutschland über alle Maßen liebt!" Wir Nationaldemokraten sagen: Vorbildhaft – und weiter so!

ak

Die Präambel des Grundgesetzes mit dem eindeutigen Auftrag zur Neuvereinigung Deutschlands scheint die BGS-Prüfungskommission ebensowenig interessiert zu haben, wie das Urteil des Bundesverfassungsgerichtes zum Fortbestand des gesamten Deutschlands.

Interview

sence of nationalism is service and sacrifice - service to our people and sacrifice for our nation. The enemy of the nation is individualism and its self-interest ethic. Individuality must be developed to serve the nation, not one's self. Too many conservatives who call themselves "nationalists" do not seem to understand this.

Under the NDF, America will be ruled by a democratically elected dictator who will serve for only one ten-year term. Congress will have the power to impeach the leader of the nation upon a 3/4 vote, and it will have the power to pass law, but the nationleader could veto all or any part of a Congressional law, and he could pass his own law. We do not believe in an elaborate array of "checks and balances" which paralyze parliamentary systems. Such structures, which work to maintain the status quo, benefit only the rich ruling class. Present day America is not a democracy, but a plutocracy in which the wealthy shape the law to their own advantage. Good leaders naturally shy away from a system in which they are deprived of the power to act for the nation as a whole, so our politicians are men of the worst sort - those who exploit their positions to enrich themselves.

Unlike the National Socialists, we do not believe in a self-selected elite, rather we think that the leader of the nation must be elected by all of the people as only the masses want strong leadership. Top party bureaucrats usually elect a weak leader so that they can control him. We see this tendency in Communist Politburos and in the Catholic College of Cardinals. It is not an accident that even though Popes are elected for life, the average term of a Pope is only eight years. This is because the Cardinals normally elect old and decrepit men who do not have the energy or psychological strength to struggle for great change. In this way the Cardinals preserve their influence within their own domains. Only the people want to be led by a strong man.

National Socialism also did not democratize daily life by giving the worker greater control over his workplace. We are determined to share the wealth and share control of the wealth in this richest of all nations. Under the NDF, small businesses will be run by entrepeneurs but large businesses, those companies with over 100 employees, will be controlled by managements elected by their workers rather than by stockholders.

Question: How do you want to solve the race problem in the United States?

Answer: Every people should have the power of self-determination, so each race will be granted its own completely independent nation on the soil of America. Each such country will receive an amount of land in proportion to the size of its population. Further, those who preach multiracialism will be given a multiracial state to live in.

Question: Let's talk about foreign politics. On the American troops in Europe, and in Germany in particular. Do you think they should withdraw as the NPD says? How do you see the future relations between a nationalist Germany and a nationalist America?

Answer: The key to this question is German national resurgence. Yes, we want our troops out of Germany, out of Europe, and out of the rest of the world for that matter. But we do not want to withdraw in a way that leaves a vacuum as this will present strategic opportunities for the Communists. Is Germany now ready to arm and defend itself? I don't know. It seems that the Germans still wallow in senseless, suicidal guilt. When the Germans draw an end to their self-flagellation and recover their national consciousness then America should withdraw its troops.

In regard to the second part of the question, we are White Nationalists and we want to see all of the White peoples of the world one day united into a great nation. This is only natural for us as we are an amalgamation of European peoples, and we identify with all of our White brethren. The first step in the process of ultimate union is national revolution. Each White people must recover control of its destiny by wresting power away from the capitalist, communist and Jewish forces that now dominate us. The second step is a voluntary confederation of White nations which will adopt a language that will be taught as the second language in all of the schools of the confederated states. Eventually, the differences between the White nations will seem no more signifi-

White Youth Struggle to Survive

I recently received letters from two young people that poignantly describe the living hell in which most of our youth now find themselves. The first is from a high school student in western Pennsylvania:

.... Drugs, alcohol; violence: white versus white, white versus black. The multiracialist school is a national revolutionary's worst nightmare.

The teachers are hypocritical and pro-communist. They love to scold the "evil hate-filled racists", but they seldom speak of the communists. A World War II history lesson consists of many tales of Nazi concentration camps where an estimated 6 million Jews were supposedly executed, but nothing is said about the 34 million that Lenin and Stalin killed during their bloody reigns of terror.

The blacks are frequently given special privileges. I was apalled to see a 6 foot 4 black and his cronies smoking marijuana outside of the principal's office unopposed. They were never caught or reprimanded because the school administration chose not to notice. If they were white they would have been stopped immediately and indefinitely suspended from school.

The blacks are also allowed to beat up as many whites as they want, usually with the number of four blacks to one white. Fighting back is impossible because the whites are too frightened to band together. Also, anyone caught fighting on school grounds is suspended for two weeks, unless you are a black athlete of course. Black football or basketball players only receive a mild punishment on their first offense so they can play in the games.

The young white nationalist is forced to give in to the majority or become a loner, having to rely only on himself for friendship and protection. They will fail to make us join them , however, because our independence will only make us physically and mentally stronger. We must never be forced to rely on the communists, capitalists, or multiracialists, for then we will become vulnerable. NDF youth must endure their hardships; one day we shall rise to power and defeat the evil forces of communism, capitalism, and multiracialism that now oppose us....

The second letter is from a young skinhead who lives in New York City:

.... I will be out of work the next couple of weeks, as I sustained a dislocated shoulder in a brawl this past Sunday with a gang of Black Power niggers in Manhatten. I was with three other skins and about a half dozen girls on St. Mark's Place when we encountered a group of eight or more poseur skinheads, all but one of them Black or Puerto Rican, and three of their White slag girlfriends. The leaders of this crew is a big 17 year-old Black kid whose father is a cop and his mother is quite the Black bourgeois who owns at least three buildings in the city. This punk was long ago run out of the neighborhood as a troublemaker (he and his boys have mugged several Whites, including most recently an elderly couple) and a liar (he claimed to be a runaway from a poor home, and that his mother was White.)

I called him out for the mugging, which had occurred right on the block we were standing on, and informed all his sucker friends that they were all going to go to jail and their leader would leave them holding the bag. Two or three

cant than the differences between Prussia and Bavaria.

Question: Have you any message that you would like to convey to our supporters?

Answer: I hitchhiked through Germany about 17 years ago at the age of nineteen. It was a wonderful experience because most of the people who picked me up were men who had fought in the war - some were even "evil Nazis", but they did not seem so bad to me. In fact, they treated me with surprising warmth and generosity and fascinated me with their tales from the '30s and '40s. I suppose I was surprised because our Jewish-dominated media told us that the Germans were a very cold people.

Travel opens the eyes. I urge your young people to come to America. We are not what most of you think we are. I cannot say that Americans in general will treat you as well as I was treated in Germany, but we of the NDF will most certainly give you a warm welcome. GG

of them ran away on the spot and the rest pretty much stayed neutral in the ensuing fight, which Scotty McNigger (the nickname he gave himself while still claiming to be half Irish) got the best of in the early stages.

I wouldn't give up, however, and followed them on their retreat to the subway station. On Astor Place he rounded up a huge mob of Black sidewalk peddlers and bums, shouting that we were "White Power", etc. One Rasta coon struck me in the face, and about the only satisfaction I got all day was seeing him run away like a rabbit and the others back off when I bashed him right back. I then bumrushed the latter day Nat Turner again, and he resorted to trying to fend me off with a cane. The cops arrived in the middle of the melee and saw the dinge bastards off on their merry way home, and my friends took me to the hospital to have my shoulder fixed.

In a way, it's a good thing that this happened because from now on none of these sons of bitches will be safe going to shows or hanging out in Manhatten again. At least 25 skins and girls came to the emergency room to make sure I was alright. The first punitive raid occurred while we were still there; four Nationalist skins went to Thompkins Square Park and discovered the lone White race traitor among the pseudoskins in the earlier altercation, bragging to a bunch of punk rockers about their "victory". This asshole, yet another rich kid squatting for the summer, saw the Skinhead Vanguard troops approaching and must have figured that since he was only on the periphery of the earlier brawl, he would get only some conversation back on his greeting:"What's up guys?" - "This is what's up," was the reply as he was smashed to the ground and introduced to the hospitalization world by four pairs of Doc Marten boots....

Such is life for our children in the multiracial paradise. GG

Dear Sir:

In reviewing the ongoing discussions in **The Nationalist** regarding the historical accuracy of "death camp" treatment of the Jews in WWII, most analysis seems to focus on physical evidence. I believe the policy issues should not be ignored. In the case of the Hungarian Jews (which is unlike that of all other nations in that the Germans were at no point fighting a partisan war or communists, which could have lead to excesses), there is evidence of both NSDAP and Reich ministerial (RSHA resettlement agency) contacts with the Hungarian government making arrangements to transport Jews to concentration camps in the General-gouvernement Area (Poland). Whether these parties had knowledge of the high death rates in these camps seems beside the point.

There was a plain German policy to "clear" Hungary of its Jews. In the case of the Hungarian Jews, at

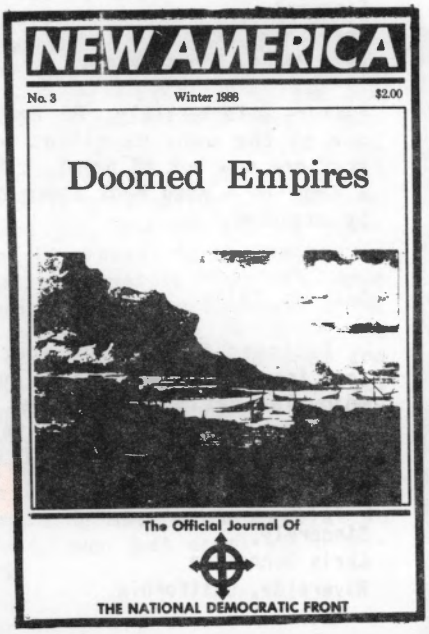
NEW AMERICA – The Radical Voice of American Nationalism



New America is the ideological and historical journal of the National Democratic Front. It exposes the half-truths, historical lies and hypocrisies upon which the present plutocratic System is based, and it reveals and explains the eternal principles of nationalism that guide the NDF. Our wisdom is drawn from an historical analysis that follows truth wherever it may lead. History is the foundation of political wisdom and is the training ground of the true political leader. That is why we lead **New America** No.3 with the editorial entitled "Masters of History" and follow with these articles:

- **On Nationalism Part III: Dynamic Order** - Outlines the form of government America will have when the NDF comes to power.
- **A Tale of Doomed Empires** - Draws lessons from the Spanish conquest of Mexico and Peru.
- **The Forgotten White Slaves** - How Whites were brought to America in chains to provide cheap labor for the rich.

SHORT BURSTS

MORE MOLESTATION

Another convicted child molester has repeated his crime upon early release. Eric Long, of Silver Spring, Maryland, was first arrested for child molestation in 1972. He nevertheless was able to get a job as a gym teacher. In 1985 he was arrested again and upon conviction was sentenced to 10 years in prison. But he was released in December of 1986 because Dr. Fred Berlin, head of the Sexual Disorders Clinic at John Hopkins Medical School, testified that he was progressing well under his sex therapy program. In April of 1988, Long molested four boys, ages 6-10, on an elementary school playground. How many times must we read this story in the papers? When will we cease to rely on the advice of pseudo-scientists? How many lives must be destroyed before such an animal is executed? Under the NDF the answer is only one.

Nationalist Surge in Europe

To the surprise of political experts in Denmark, the "extreme right-wing" Progress Party has just increased from 9 to 16 seats in the national parliament. It ran on an anti-immigration, anti-tax platform. In the state elections in Baden-Wurtemburg, Germany the nationalist National Democratic Party (NPD) increased its vote total from Other nationalist parties also increased their votes in Baden-Wutemburg. Combined with the performance of the National Front in France, these election victories mark the beginning of a resurgence in European nationalism.

Molecular Basis for Racial Types

Recently-released results of research done by a team of geneticists from Emory University reveal that the races of Man have distinctive types of DNA (deoxyribonucleic acid). DNA is a molecular material found in the chromosones that carries the hereditary information which determines the makeup of all the cells of the body. If racial differences do have a molecular basis, then they are substantially more profound and fundamental than previously believed. Racially-differing DNA would indicate that racial variations are intrinsic and are not the result of environmental or cultural causes, and are even more deeply-rooted than superficial biological differences.

The findings of the Emory team, which was led by Douglas Wallace, directly contradict an earlier interpretation of the same data by a research team from Berkeley University. The Berkeley team was led by Vincent Sarich, Allan Wilson, Rebecca Cann, and Mark Stoneking. (**The Nationalist** will let its readers draw their own conclusions concerning the ethnic background and the ideological ramifications of the two teams.)

The conclusions reached by the Emory University research are of immense public concern, and if validated by further study, they represent the most significant breakthrough in racial science in this century. In any event, the dispute between the Emory and the Berkeley findings deserves a full public hearing in all organs of the mass media. To the best knowledge of **The Nationalist**, the only mention of the results of the Emory University study in the national media was hidden in a single sentence in the 21st paragraph of a 37 paragraph article on human evolution which appeared in the February 10, 1988 **Newsweek** magazine.

least, the intent was that of elimination. We should consider this policy in light of the apparent motivations of Germans who already realized they would ultimately lose the war, and wished to leave a clear indication of their beliefs.

Editor - No one disputes the fact that the Germans wanted to rid Europe of the Jews. The present historical debate between the exterminationists and the revisionists is over how the Jews were to be eliminated, i.e. by physical extermination or by resettlement.

Sir,

The **White Unity Day** videotape was excellent and I was pleased to see and hear Tom Metzger's outstanding speech. As a WAR supporter, I consider the NDF the east coast equivalent of WAR and it behooves the two organizations to cooperate. The **Crossfire** video was really well done and you handled yourself quite admirably under fire from the System's puppets, Braden and Buchanan. The Jew Marc Pearl was inconsequential. The way the show ended said it all, "Tom Braden from the Left, Pat Buchanan from the Right", together smiling, two sides of the same coin, obedient house goyim. All that was missing were the strings connected to their heads leading up to the Jew and White race-traitor puppet masters. The kosher con-artist-servative Buchanan blatantly substantiated this by saying that he considers you, the NDF and the Movement in general to be the single greatest threat to "America". Whose America, he did not elaborate on. One minor complaint, Mr. Gallo, the background music that opened and closed the **White Unity Day** tape was wimpish sounding - hardly suitable for stirring the souls of White racialisst front fighters, and potential warriors. It should be something much more martial in spirit, even just drums would suffice.

Take care,

White Plight

Our hearts have hardened
Our souls have grown cold
Filled with the memories of a nation about to fold
We once were a people proud and tall
Now we're divided, about to fall
But out of the ashes - out of the dust
We will rise again because we must
And all will know the power and might
Of the race of people
Of the race of White

We worked and toiled to achieve the best
We far exceeded all the rest
We are music, science, literature and art
We slaved and sacrificed to do our part
We built the great cities
And metal birds of flight
The race of people
The race of White

We will not be defeated, crushed or stopped
Like the cream of milk
We will rise to the top
And once we are there, united we will stand
All as one, hand in hand
We are truth and justice and brave and right
We are strength and glory
We are the race of White!

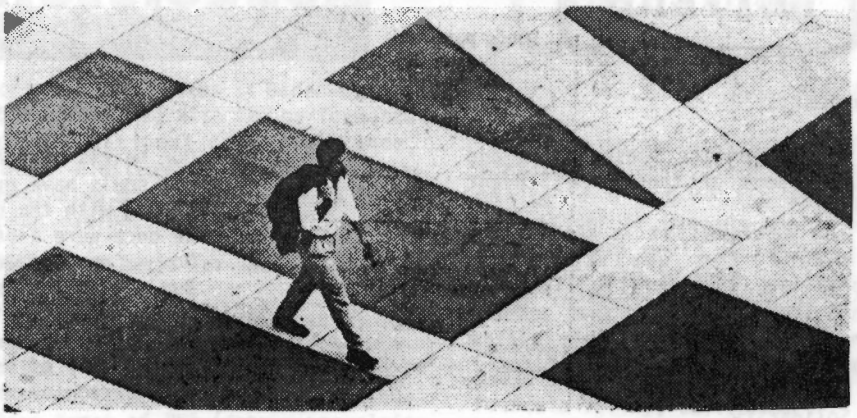
A Multitude of Choices



It may seem that there are a multitude of choices, but in reality there is only one choice for White America - and that is the **NATIONAL DEMOCRATIC FRONT.**

Only the NDF is determined to end this country's romance with mediocrity. The System tells us that all races are equal, that all individuals are fundamentally the same, and that the sexes are psychologically and mentally identical. And in order to prove it, the differences between people, and between peoples are intentionally obscured. White educational standards have been lowered so that the majority of Blacks, who must now compete with Whites in integrated schools, can graduate from high school. Massive amounts of time, energy and money are devoted to raising the skill levels of the subpar, while the needs of the exceptionally brilliant are ignored. Where would our resouces be better spent? On those who can only have a marginal impact on the development of our nation, or on those who will lead it?

At one time we were concerned with quality over quantity. We were once dedicated to the upbreeding of our race - to the elimination of genetic defects. We once prevented the mentally retarded from having children - now we celebrate their ability to reproduce. Who does this benefit? The race? The nation? The children who must endure the living hell of being raised by mentally retarded parents? Only in a very sick society can such perversion be praised. Morality has been turned on its head as it now serves the interest of the individual over that of the community.

We now have racial quotas so that the politically-anointed can get jobs that would otherwise have gone to those who are best able to do them. And we wonder why we can no longer compete with Japan and Germany. Our society is dedicated not to technical achievement, but to politicking; not to the discovery of the truth, but to obfuscation of the facts that might hurt the powers that be; not to social justice, but to dividing the spoils. Money, connections, networks and lobbies count for more than intelligence, determination and skill. The corruption is legal and institutionalized - it is systemic. It is the ideal environment for the capitalist and Jewish cabals that now dominate the country.

What they fear is real talent - great men who are dedicated to their people rather than to self-seeking - men who cannot be bought. That is the choice. It is between purity and corruption; between mediocrity and excellence; between resurgence and decline!
